Bingham, MI

Electrical Engineer:

Summit Contractors, Inc.
Haslett, MI

Cordeck System:

N-R-G-FLOR+®
In Floor Cellular Raceway System

Auto-Owners Insurance expanded by adding a South Campus to their Lansing based company. The 250,000 square foot office building is expected to accommodate up to 900 employees.

Cordeck's Walkerdeck® System was chosen to accommodate the uniqueness of the three story building, which includes office space, break rooms, a cafeteria, and more to accommodate for future growth.

Our low cost, secure wire management system provides economical, functional, and environmental benefits for owners and tenants throughout the life of the building.

Our Innovative In Floor Cellular Raceway is an In-Slab Wire Management System That Delivers Power and Data Where You Need it
